Keeping Up - -

With Uplanders

TRAGEDY

Tragedy occurs somewhere every day.

And once in a long time, something happens right here in Upland that is just as horrible as anything ever recorded.

Reports of tragedy are usually top-spot news but in this case the less said the better. How or why it happened are beyond the comprehension of those who knew the Robert Blake family. The startling fact that it happened cannot be realized. In the long months ahead the sad story will be unfolded in the official analysis of the tragedy.

We all wish it could be forgotten but tragedy has struck in the community.

DICK NIXON

Whether one favors a change in Washington, D. C., or not, all of us here are interested in the activities of Richard Nixon, the G. O. P. vice presidential candidate. He seems to be very close to the Chaffey district because of his appearances here and because of the earnest work on his behalf two years ago when he was campaigning for U. S. senator. And so many scores of Uplanders were in Pomona last night to see him begin another crusading tour.

Senator Nixon is a serious, sincere young man engaged on a crusade for a better America. Some people may not agree with him on his five main issues but here they are;

Need for ending "Trumanism" in U. S. government; corruption; bungling of foreign policy; Communism, and high cost of living.

MOVED TO REGISTER

Mrs. Henry Dahms, who for years has been residing on West Twenty-second street, and who recently erected a new residence on Euclid avenue near Foothill boulevard, moved into her new house just prior to Sept. 11.

In order to qualify for registering to vote, she moved to the new location just in time.

IT'S TRUE, TOO

We believe it is very important for all local people to receive their home paper for many reasons. And when someone else says those words, maybe they have more meaning. Here is a notice from Mrs. Ruby Millager of Kenosh, Wisc., after having subscribed for a short time;

"I have found out a great deal about Upland through your paper . . . . I expect to go to California in a few months and then I can see Upland."

HARVEST TIME

Word came from the P. E. building in Los Angeles yesterday that the "growth" in the P. E. right-of-way down the center of Euclid avenue would be cleaned up soon. T. L. Wagenbach, general manager of the P. E., said he went through Upland recently and noticed the "growth" —he didn't call them weeds.

And so we can expect a clean-up and proper maintenance of the right-of-way in keeping with the city's weekly outlay of $100 to maintain the avenue's beauty.

Attendance Is Up 19 per cent In Schools Here

An increase of 19 per cent in Upland school attendance this week as compared with the first day last year was reported yesterday by Superintendent Harold W. Cook.

Total of 1,450 students were in classes Monday and the 1951 comparative figure was 1,219. The 231 increase is divided between the three schools with the Elementary and the Sierra Vista receiving the largest increase. An additional teacher was added to the Sierra Vista school to handle the larger number of kindergarten students. Mrs. Elizabeth Murphy, a teacher at the Elementary school for two years, was reemployed and assigned to a first grade. Mrs. Jean Nugent was shifted to a kindergarten class from a first grade.

Double sessions are the rule in many of the lower grades to handle the record enrollment.

In the Elementary school are 784 students as compared with 670 on the first day last year. The Sierra Vista attendance is 338 as compared with 258 last year. The junior high attendance was 328 and last year it was 258.

Kindergarten Names Published Next Week

Names of all the kindergarten students in the Upland Elementary schools will be published in The Upland News next week.

It's a new life for these youngsters and for some of their parents and in recognition of this, The News deems it a newsworthy occasion.

Blake Inquest Set Tomorrow

Circumstances just prior to the death of Robert Blake, 380 West Fifteenth street, may never be known but residents in the community are aware of the fact that the 52 year old father is dead and his 18 year old son is in the county jail for suspicion of murder.

Shocked by the realization that a sudden fire of a gun had claimed a highly respected father and a studious, handsome young man had admitted firing the shot, Uplanders were horrified Tuesday morning. Robert Blake, Jr., wrote a confession soon after Upland police were called at 11:15 p.m. Monday.

Inquest into the tragic death will be held by the county coroner at 10 a.m. tomorrow.

The son had registered as a sophomore at Chaffey college after having attended U. S. C. last year. He attended Chaffey high school and was regarded as a quiet, serious-minded student.

Mr. Blake was a contractor here and elsewhere in the southland until a short time ago when he purchased a flower shop and nursery in Temple City. He maintained business offices at 463 North Second avenue for several years. Prior to entering business in Temple City he had engaged in extensive building operations in Las Vegas.

Upland police were called to the Blake home immediately after the incident. Chief Ralph H. Palmer, Captain Henry Younge and Officers Earl Werner, Waldo Owen and Harlan Jackson responded.

Cpl. Ammannito Gets Second Wound On Korean Front Lines

Cpl. Louis S. Ammannito was recently wounded in action for the second time in little more than a month, according to notice received by his parents, Mr. and Mrs. Julius C. Ammannito of 546 Fifth avenue.

Cpl. Ammannito, who is serving as a forward observer with the Marine corps in Korea, was wounded above his left knee with shell fragments on August 30. He had received neck and shoulder injuries on July 23 in a similar manner.

Since his latest wound, Cpl. Ammannito has written to his parents to tell them that he is back on duty after recuperating. A graduate of Chaffey high school, he was employed at the Kaiser plant in Fontana before entering the service in August of 1951. He has been in Korea since March.

Mr. and Mrs. Allen T. Mitchell, Jr., and son, Jack, 929 North First avenue, returned home Sunday after enjoying an 18-day vacation at Balboa Beach, where they ished and played golf.

Vets Told Of Many Benefits

Benefits veterans may receive from the government were outlined to a large meeting of ex-servicemen in the Upland American Legion clubhouse last night. The Upland Legion was host to members of the 224th national guard unit.

An informal meeting, the speakers answered questions and discussed various benefits, Robert J. Theall, who is the 25th district adjutant for the Legion, explained the "Cal-Vet" program. Other speakers were John G. Pennington, county service officer and Harold Murphy and Leo Murphy.

Ray Davis, commander of the post, presided. A "Dutch Lunch" preceded the meeting.

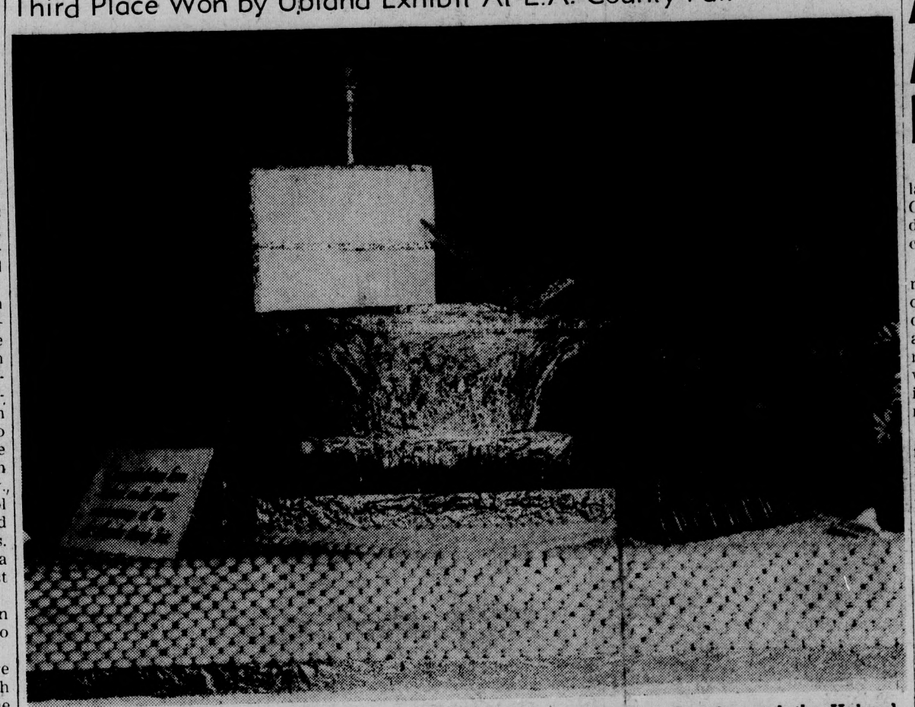

Three Injured In Two-Car Accident

Two women and one child went to the hospital early Sunday evening with injuries suffered in a two-car traffic accident at Foothill boulevard and Thirteenth avenue.

Treated at San Antonio Community hospital for bruises and abrasions of her right leg was Mrs. Manuel Cortez, 727 Portillo street. Her three-year-old daughter Belia received a cut lower lip.

Mrs. Herbert C. Hall, 238 Lomita drive, Alta Loma, was the winner of two blue ribbons at the Antelope Valley fair and Alfalfa festival, one for a lamp shade and the other for a two-piece knitted dress.

Third Place Won by Upland Exhibit At L.A. County Fair

It's a birthday cake for the Los Angeles county fair as shown above in the exhibit entered in the Pomona exposition by the Upland 20-30 club. Third prize worth $300 was given the Upland entry. The club made the entry on behalf of the city and the Upland chamber of commerce. Citrus fruit, artistically wrapper and cleverly displayed provide the colorful attraction for the huge exhibit. Phil Larson is president of the club.

Upland Entry In Fair Wins $300, Third Place

Upland's entry in the Los Angeles county fair won third place and $300 in prize money. The ocal exhibit was entered in the community citrus division and oranges and lemons were used cleverly to carry out the entry theme.

Commemorating the fair's twenty-fifth aniversary, the exhibit is a huge quarter of a birthday cake mounted on a base of citrus fruit. It will be on display until the fair closes Sept. 28.

For several years the Upland 20-30 club has had the responsibility of preparing the city's fair exhibit and it has consistently won prizes and added to the club's and the Upland chamber of commerce prize fund. The money is divided equally.

Phil Larson, 20-30 club president, was in general charge of the exhibit. Ed Wilson was general chairman for the exhibit and others aiding were Shaw Morrison, Dick Champton, John Engle and Lew Littleton.

Judge and Mrs. Fred H. Jacobs, 421 North Eighth avenue, accompanied by their daughter, Mrs. Pauline Ward, motored to San Diego Sunday where they participated in the celebration of the 87th birthday anniversary of Judge Jacob's father, Fred C. Jacobs, retired federal district judge.

Publicity About City Results In More Publicity Chances

As the result of the publicity given Upland recently by the Pathfinder magazine and The Upland News, inquiries for additional information and new opportunities for promotion are being received at the chamber of commerce office.

The "Authenticated News", a New York City organization, has requested 10 pictures of Upland's features for "use in various publications we serve." Mrs. Lillian Hilde, chamber secretary, is preparing to send the material.

Among the inquiries is another one from New York in which additional information is wanted in which Upland is complimented "for doing an excellent job."

Funds Are Sought

Chest Appeal Is Going To Many

Give to the Community chest for the help of others—

That is one of the appeals of the Upland chest leaders as "advanced gift" letters are being sent this week to regular donors. Later, a door-to-door canvassing campaign will be conducted.

Participating in ground breaking ceremonies for a new super merchandising building on Foothill boulevard Monday were O. E. Hirschler, who sold the property, W. R. Hayden, president of the Shopping Bag Markets, and City Manager Richard G. Manley. The building, land and inventory will require an investment of $750,000.

$750,000 Project On Foothill To Be Ready Early In 1953

Preliminary construction is under way on this community's biggest commercial addition in years following ground-breaking ceremonies Monday for the new Shopping Bag market.

W. R. Hayden, president of the 27-store grocery and merchandising firm, officially turned the first spade of dirt to start in motion a project that will eventually require an investment of $750,000. Also participating in the first act of the project were Victor Hinson, vice president, W. C. Kulow representing the Moss Construction Co., owner of the subdivision property and O. E. Hirschler, who sold the land to the developers.

Richard G. Manley, city manager, represented the community in also handling a pick in the ceremonies.

Construction work started later in the day and the huge store building with 47,000 square feet, will be finished within five months, according to plans. Dominating the new building will be a 50-foot tower high above the roof and this is a characteristic mark of the merchandising organization. One hundred employes will be working in the various departments in the store. Departments will include grocery, meat, bakery, clothing, coffee shop and fountain, toiletries and sundries.

Making up the total of $750,000 investment will be cost of the land, the building and inventory. Detailed plans for the structure are being checked by the city building department.

Site of the structure is on the south side of Foothill boulevard a short distance east of Second avenue.

The subdividers, through the action, are calling upon the city to show cause why the subdivision should not proceed on 36 acres on West Thirteenth street. The city council, in a divided vote, turned down the subdivision application.

Dr. and Mrs. John E. Skewis and daughters, Mary Earl and Jane, returned Sunday to their home, 886 North First avenue, after enjoying a 12-day vacation at Balboa Island.

22 Acres On San Antonio Heights Figure In Deal

Purchase of 22 acres of choice land in San Antonio Heights by O. E. Hirschler was revealed today on completion of escrow proceedings.

Developed as a citrus grove now, Mr. Hirschler said he has offers to sell the tract for subdivision purposes. He will not accept any offers for at least six months, he said. The property was purchased from the Stewart interests with Harold Stewart, administrator.

Extending south from Twenty-fifth street and east of Mesa terrace, the tract is described as being so located to provide excellent home sites.

Mr. Hirschler and Mr. Stewart filed an escrow agreement four months ago but the proceedings were not completed until two road rights-of-way were removed.

P.E. Drops Plans To Remove Euclid Line

Santa Fe Management Blamed For Refusal To Shuttle P.E. Freight Cars In Plan

Pacific Electric Railway Co. and the Santa Fe rail line cannot come to an agreement and it is therefore impossible for the P.E. tracks to be removed from the Euclid avenue parkway, T. L. Wagenback, P. E. general manager, said yesterday.

"We have been unable to reach an agreement with the Santa Fe," the official said by telephone from his Los Angeles office. "The Santa Fe does not want to grant us the necessary trackage right to take care of our customers on the south side of the Santa Fe Tracks."

He said agreements with the labor unions were worked out satisfactorily "and I had no idea we would have any trouble in coming to a decision with the Santa Fe management."

Spur Removal Issue

At issue is the removal of the P. E. spur which extends from the P. E. mainline through the green Euclid avenue lawn to Stowell street, which is immediately south of the Santa Fe.

More than a year ago, Mr. Wagenbach was so definite in his promise to remove the spur he told councilmen his firm would not only take up the Euclid spur but would also aid in developing new lawn where the tracks are now.

At that time the company was placing in use new diesel powered locomotives and a responsive and observant public expressed protests. These protests calmed down after Mr. Wagenbach made a promise the Euclid spur would be removed and that diesel engines would be operated through the city at a speed most acceptable to Uplanders." A test speed run was held with councilmen and others observing.

In succeeding months Mr. Wagnbach reported that a proposed contract between the Santa Fe and the P. E. was ready for a signature in Chicago. Today's announcement is the first indication that management had turned down the proposal.

The proposed plan would have required the P. E. freight cars to be shuttled over the Santa Fe mainline at the Fifth avenue crossing by the Santa Fe freight engines. Mt. View Fruit association, W. F. Rugg Lumber Co., and the A-1 Builders supply are among the P. E. freight customers south of the Santa Fe.

"Our company believes it has a right to a perpetual use to the trackage south of the Santa Fe but the companies cannot come to an agreement and negotiations for the proposed change are off," the official said.

This word will be made official in a letter to Mayor Eugene G. Nisbet at an early date, the P. E. manager said.

Checks for membership fees are being received by the Upland chamber of commerce.

Statements for the new year beginning Sept. 1 were mailed recently and the response is very encouraging, according to Mrs. Hilde.

Traffic Signal Puzzle Studied

How to improve operation of the three-way traffic signal on Foothill boulevard at Euclid avenue is being studied by officials of the state highway department.

The intersection here has been inspected as the result of Councilman Don Carr's suggestion that the signals should be improved. City Manager Richard G. Manley has conferred with the officials relative to aiding the traffic flow.

Confusion exists among north and south bound motorists who wish to turn left and in doing so face a red light. Mr. Manley explained that such motorists may proceed but this fact is not generally known to tourists and others.

How this situation may be improved is questionable, according to the word given Mr. Manley.

Arlene Wingerd and Paul L. Landis Exchange Vows In Brethren Church

In impressive rites held Friday evening in the Upland Brethren in Christ church, Miss Arlene Elizabeth Wingerd, daughter of Mr. and Mrs. Reuben H. Wingerd, 239 North San Antonio avenue, became the bride of Paul L. Landis, son of Mr. and Mrs. Howard F. Landis of Souderton, Pennsylvania.

Some 150 relatives and friends witnessed the ceremony performed by Bishop Jesse F. Lady. Providing an attractive background for the bridal party were two large bouquets of gladioli, flanked by potted palms and candelabra. Ivy tied with white satin bows marked the pews.

The organist, Bob Brubaker, gave a prelude of appropriate selections as the guests were assembling, and played the traditional wedding marches. He also accompanied Dan Chamberlain, who sang "Always," "I Love You Truly" and a prayer song.

The lovely bride, who was given in marriage by her father, was gowned in white bridal satin, styled with a nylon tulle yoke and long sleeves and trimmed with Chantilly lace. A tiara of Chantilly lace secured her fingertip tulle veil. She carried a white orchid on a white Bible.

Miss Lois Brubaker, as maid of honor, was the bride's only attendant. She wore a light green taffeta gown and carried a bouquet of dark red roses.

Miss Dollie Wingerd and Raymond Wingerd, sister and brother of the bride, lighted the candles before the ceremony. The former was gowned in pink taffeta, with a gardenia corsage.

Gordon Markley of Cucamonga was best man for the bridegroom, and ushering the guests were Loren Heise, cousin of the bride, and Paul Trautwein.

The bride's mother wore a nylon print dress, and gardenia corsage, while the bridegroom's mother chose a navy blue crepe, accented by a gardenia corsage.

Wedding guests were entertained at a reception in the social hall of the church following the nuptial rites. Vari-colored roses and ivy were used in decoration, and centering the refreshment table was a four-tiered wedding cake. Mrs. Mae Becktel, sister of the bridegroom, and Miss Frances Bond cut and served the cake, and Miss Beverly Zimmer and Miss Cleo Wright presided at the punch bowl. Miss Shirley Landis, another sister of the bridegroom, had charge of the guest book.

The newlyweds will make their home in Souderton, Penna., motoring there by way of Florida. For traveling, the bride chose a navy blue suit with white accessories.

The new Mrs. Landis has lived in Upland all her life, and was graduated from Upland College academy in 1951. The bridegroom also was a member of the same class.

Out-of-state guests at the wedding were the bridegroom's parents and two sisters, Mrs. Mae Becktel and Miss Shirley Landis, from Souderton, Penn., and another sister, Mrs. Maurice Bender of Salem, Oregon.

Mrs. Long Hostess To Coterie Club

A dessert luncheon opened the meeting of the Coterie club Friday afternoon at the home of Mrs. Perry O. Long, 534 North Campus avenue.

Bridge provided diversion for the afternoon, and Mrs. Brest won the prize for high score. Mrs. Roy Creighton received the traveling award, and consolation went to Mrs. F. H. Manker.

Guests were Mrs. Isabelle Brown, Mrs. Creighton and Mrs. George Gregg, and members present were the Mesdames Brest, Manker, T. M. Nichols, C. K. Francisco and the hostess.

Mr. and Mrs. Paul L. Landis will make their home in Souderton, Penn. Their marriage was solemenized Friday evening in the Upland Brethren in Christ church. The bride is the former Arlene Wingerd, and is the daughter of Mr. and Mrs. Reuben H. Wingerd, 239 North San Antonio avenue.

Dixie Darlene Edwards Is Bride Of Grover Hinds In Church Ceremony

Arrangements of white gladioli, white chrysanthemums and daisies, flanked by candelabra, decorated the First Baptist Church of Upland for the wedding of Miss Dixie Darlene Edwards, daughter of Mr. and Mrs. J. Marvin Edwards, 354 South Second avenue, and Grover Elbert Hinds of Ontario on Saturday evening.

The Rev. Lynn T. Lemon, pastor, performed the double-ring ceremony at 8 o'clock in the presence of some 125 relatives and friends.

Mrs. M. J. Booth, organist, played the traditional wedding marches, and accompanied the vocalists, Miss Vivian Carter and Tony Harmon, who sang "Just a Closer Walk With Thee" and "Because"; and the Rev. Mr. Lemon, whose selection was "I Love You Truly".

The bride, given in marriage by her father, was lovely in a white gown, fashioned with fitted lace bodice with cap sleeves and a full gathered skirt of nylon net over taffeta. Her fingertip net veil, edged with lace, was held in place by orange blossoms. A single strand of pearls and pearl earrings completed her costume. She carried white carnations with satin streamers resting on a white Bible, the gift of Y. W. A. girls of the church.

Attending the bride as maid of honor was Miss Mary Gail Laubach, who wore a floor-length gown of light blue taffeta and carried a bouquet of pink carnations.

Miss Bennie Sue Hollingsworth and Miss Ruth Baker were bridesmaids. They were attired in blue formals and carried pink daisies. Seven-year-old Mary Louise Losson, in a white organdy gown with pink ribbons, acted as flower girl. She carried pink carnations.

Miss Janet Edwards, sister of the bride, and Miss Joyce Pope, her cousin, lighted the candles before the ceremony. They wore blue formals, accented by pink corsages.

Barney Anderson of Ontario served the bridegroom as best man, and ushers were Homer Losson, Larry Hale and Clark Goodwin and Richard Mc Burney, of Ontario.

The bride's mother chose a navy and white sheer dress with navy and white accessories, and a corsage of pink rosebuds and gardenias.

Following the nuptial rites, a reception was held in the social hall of the church. Centering the refreshment table was a three-tiered wedding cake. Assisting in serving cake and punch were the Misses Jo Brooks, Darlene Stewart, Thelma Franklin and Mary Jane Waterman. Miss Roanne Ostram circulated the guest book.

When the bridal couple left for a three-week honeymoon at the beach, the new Mrs. Hinds wore a navy nylon dress with white accessories, and a pink rosebud corsage.

The bride is a senior student at Chaffey high school. The bridegroom, a Navy seaman, is stationed aboard the USS Valley Forge, aircraft carrier, now in San Diego. He returned in July from Korea, where he served for nine months aboard the Valley Forge.

Herbert Hall, two and a half year old son of Mr. and Mrs. Herbert C. Hall, 238 Lomita drive, Alta Loma, has returned home from San Antonio hospital after a tonsillectomy.

Chest Appeal Going To Many

(Continued from Page 1)

drive," Mr. Mason said. "Payments given this way save the time of the volunteer solicitors."

The door-to-door drive will coincide with the national campaign early in October.

Members of the Exchange club have assumed the responsibility of conducting the drive and Robert Theall is the club's representative for the campaign.

The chest budget is $8,000. Benefiting from this will be the sick baby fund at the San Antonio Community hospital, the Mary Louise Griffith heart clinic, the children's hospital, camper's committee, the Junior Welfare league dental clinic and the Boy Scouts and Girl scouts.

The following story based on a case from the San Antonio Community files illustrates the use of the sick baby fund;

Baby "D"

Baby D is an erstwhile "preemie".

He left the hospital in perfect condition, growing and developing as a normal baby should. The weeks he spent in an incubator reaching this point of development were paid for by the Sick Baby fund.

There was nothing especially dramatic about Baby D's birth, except that he arrived about four weeks too soon. He was a normal infant from every aspect, but he was not quite ready for life as usual for a newborn baby. His incubator days were spent uneventfully, responding favorably to care.

Care Given

The significant feature of Baby D's case is not that he was born prematurely, received special nursery care and, when he was large enough went home with his parents, it is the obliviously fine integration of community service which the community should be proud of.

Baby D was born at San Antonio Community hospital where the administration has provided every facility for the care of premature infants. Several months ago, in addiotion to a fine professional background, the supervisor of the nursery at the hospital completed a three month course of study at the Los Angeles General Hospital devoted entirely to the care of premature infants.

The sick Baby fund was available to provide the expensive care Baby D required and which his very young parents could not provide.

The Sick Baby fund is philanthropy in its purest sense. It was the integrating link of service to Baby D.

Picnic For G-T Club and Guests

12 Uplanders On Chaffey Squad

Third Of Tigers From Here; Team Plays Tomorrow

Uplanders are likely to show a more-than-usual interest in Chaffey high school football this year, since 11 boys on the 36-man Tiger squad are local products.

Fans will have their first chance to see the squad in action tomorrow night when Ted Runner's Tigers tangle with Long Beach Jordan high school on the Chaffey gridiron. Game time is slated for 8 p.m.

As to the Chaffey eleven's chances tomorrow night, Runner says: "I just don't know. I don't know what Jordan's got and I haven't heard much about them."

The Friday game will be the first scuffle of the season for both elevens. Tiger gridders will be sporting new all-white uniforms with orange lettering trimmed in black.

Locals In Lineup

Starting lineup for the opener tomorrow night includes the following Upland boys: Joe Agapay, left wing, who sparked the Tiger jaybee squad last year; Sam Crowe, tailback, first string star of the 1951 season; Stanley Evers, end, who scored touchdowns in the first three games last year and sat out the rest of the season with a broken leg and Lee Riggs, center, who did first-string running guard chores last season.

Uplanders Galore

Other members of the Upland contingent on the Tiger squad are Paul Gish, a shining light on last year's Upland Junior high school championship team; Chuck Mc Crary, another Upland Junior high veteran; Louie Hoyos, Charlie Flores, a sophomore up from the Upland squad last season. Dean Smothers, senior defensive end, veteran of the 1951 Tiger team; Harold Kough, junior up from last year's B squad; and Kenny Mueller, senior tackle who saw most of his action on the jayvee eleven last season and Bob Casselman.

Rounding out the Tiger roster are Marty Westerman, Ted Herman, Ben Hunter, Mark Calderwood, Don Vick, Bob Conahan, Bob Craft, Dan Anady, Don Welch Ray Brown, Kenny Farrar, Bill Eblen.

Chuck George, Tom Beard, Don Kauzlarich, Gene Smith, Norm Smothers, Milton Frye, Bill Kirchnavy, Homer Robinson, Don Rabun, Rudy Alba and Howard Tipton.

Quarterbacks In First Meeting

To provide good fellowship for the members and to maintain a strong athletic spirit are the objectives of the Chaffey Quarterback's club, President Al Holmer stressed at the first fall meeting of the group Monday night at a dinner in the Elk's club.

He expressed enthusiasm over the new football season and so did Ted Runner and Don Kramer, Chaffey high school and college coaches. Kramer gave specific reports on his efforts to get high school football stars to come to Chaffey. While he recognized that other jaysees in the southland had stronger squads, he predicted the Panthers would win more games than last year.

Runner, who succeeds Truck Lindsey as Tiger mentor, said the spread formation type of play would be used and that he had quite an assortment of good players from which to choose. He named 20 or so who would see plenty of action.

Dan Milliken, Chaffey president, spoke briefly as did Allan Smith, new head of the high school physical education department. Smith presented all the Chaffey coaches.

Quarterback club meetings will be held Tuesday mornings in the Chaffey cafeteria. The meeting schedule starts Tuesday at 7 a.m.

Also introduced were Stanley Van Fleet, vice-president and Bud Ehrnman, secretary. Ed Pollock, retiring president, spoke briefly and then presented Mr. Holmer.

Pro Americans Hear German Official

First fall meeting of the Pro American group was held Tuesday morning at the home of the president, Mrs. Edwin L. Wickstrom, 117 West Arrow highway.

Speaker for the occasion was Dr. James R. Newman, former United States military governor for Hesse, Germany, with headquarters at Wiesbaden. He gave an instructive and interesting talk on "United Sstates Policy in Germany."

Panthers Play L.A. To Open Grid Battle

Don Kramer's Chaffey college Panthers take on East Los Angeles junior college tomorrow night in the opener of a season that promises to be one of the roughest in recent Chaffey history. Tomorrow night's game wil begin at 8 p.m. on the L. A. Huskies' field.

The Panthers are slated for 11 tilts this year, including battles with such powerhouses as San Bernardino Valley college, Pasadena City college, Orange Coast and Boise, Idaho.

Kramer said yesterday that even Cal Poly, which he scheduled as a breather for his boys, is "loaded". The Panthers battle the San Dimas squad Sept. 25 on Chaffey's Graber field.

Uplanders Starting

A pair of Uplanders, Bob Grimmesey and Roland Sanchez, are listed in Kramer's probable starting lineup for tomorrow night's game.

Grimmesey, who starred in fullback spot for Chaffey high last year, has been out of practices with a bruised leg, but Kramer expects him to be in shape by tomorrow night. Sanchez will be repeating the same position he played last year.

The all-important quarterback spot on the Panther squad is being filled by Danny Ruiz, former Barstow high star, and Kramer is expecting Chino high's Bob Mann to be ready for use soon. Mann enrolled at the college this week.

Roster

Panther roster for the 1952 season follows;

Returning lettermen: Dick Eimers, Roger Johnson, Anthony Linza, Vern Martin, Jerry Millier, Jim Ripley, George Robinson, Roland Sanchez, Neal Smithammer, Marlon Sanchez, Dennis Wilhelm and Lea Watts.

Franks, Dick Guide, Bill Hendricks, Ray High, Harry Heffner, Tom Hudson, Ronnie Hollerman, Don Lally, Jerry Mackley, Glen Nichols, Tom Rowe, Danny Ruiz, Bill Scinio, Don Shanklin, Abe Sanchez, LeRoy Steffenson, Earl Weisen, Bilbert Zermeno, Russ Young, Ronald Mathis, Gene Hanniton, Jerry Cline, Jack Arnold, Dick Kirkman, Gene Hill and Bob Mann.

Rev. Luther Sermon

Every Person Is Called To Aid Christianity

"We are all given by God more talents and resources than we can or do use," the Rev. John A. Luther, rector of St. Marks Episcopal church, told his congregation here Sunday morning.

His sermon topic was "Sidetracked Resources." About the resources and talents, he said: "Frequently we sidetrack them, leaving them so long on the siding they become unusable.

"Other times we run them on inferior and less important tracks, not using them for the best purposes of God and His Kingdom. The greatest use for our talents is to glorify God and to serve our fellow men.

"The greatest service is to bring men and women to Christ. Accept the command of Our Lord Jesus Christ, 'Go ye into all the world and preach the Gospel to every creature. You can preach in three ways:

"First by your life. What do men see when they observe you and your actions? Are they amazed by your goodness and wonder about its source or can they even tell that you are a Christian?

"Second, we bring others to Christ by telling them about Him and what Christ has done for us. This is not always easy but you will be surprised how eager many people are to find some one who can give them hope and security. Tell your neighbors and fellow workers.

"Third, we preach Christ by bringing men into his church so they can learn more of Him and be strengthened by receiving his Sacraments. Think what it would mean if every member of St. Mark's Parish brought one person to Christ this year.

"Think what it would mean for the Christian life of our community if each member of all the churches would bring one person to Christ and into their church.

"We must also preach to the rest of the world. We cannot all go to foreign lands, but others go for us. It is then our privilege and duty to uphold their hands while they do our work.

"We have all received our talents from God. Let us not sidetrack them on less important things. What will you do with yours?"

Lemon Returns Big Factor

Bank Deposits in Upland At $12,472,000 To Set Record

Upland bank deposits were the highest ever recorded—$12,472,585—at the time of the recent "call" by the comptroller of the currency, local officials reported this week. Principal factor in the new high mark was payments for recent lemon shipments, according to Allan S. Barr, president of the First National bank and Frank K. Nichols, manager of the Upland branch of the Bank of America.

From time to time local bank deposits have been above the 12 million figure but on Sept. 5 the comptroller of the currency called for reports from all national banks—just at the time when the local figures were at the near record mark.

Steady increase in the number of residents has also resulted in growth in the bank deposits. The increasing flow of deposits and checks through the local banks has also resulted in increased staffs and the number of bank employes here is far larger than ever.

Christian Science Topic Is "Matter"

Salvation, safety, satisfaction and health are not to be found through reliance on materiality, declares the Bible lesson on the subject of "Matter" for the 11 o'clock service Sunday morning at the Ontario Christian Science church.

The golden text from Jeremiah reads: "Truly in vain is salvation hoped for from the hills, and from the multitude of mountains; truly in the Lord our God is the salvation of Israel."

Red Scale In New Threat To Citrus--Moon

Red scale infestation in citrus groves is far worse today than most growers realize, Ralph Moon, manager of the Citrus Pest Control association, said.

"The situation could be extremly damaging to the new wood and the crop if the spread is not checked now," he emphasized. "A general view of orchards may not indicate anything alarming but a close examination of the trees will reveal a tremendous crop of scale."

Mr. Moon said the association members are being advised of the danger and of the need for immediate treatment. He asked the full cooperation of all growers in this area so the damage could be minimized.

Application of good spray materials immediately is the answer to the problem, the official said.

Weather conditions, especially the recent current hot weather, have produced the record size crop of pests, according to Mr. Moon. The current situation is not the most severe but the damage could be heavy if timely action is not taken, Mr. Moon declared.

Upland"s Laws Affecting Zoning May Be Changed; Do You Care?

Until individuals are personally affected, the announcement of a public hearing on an "interim ordinance" or a report of a change in a zone usually means very little.

It's dry stuff to read, the apparently staid reports of changes in laws that on the surface affect other people.

And so it may seem, that the forthcoming discussions in Upland about rezoning of the agricultural district are of little concern to anyone. At least, that is the impression received in the day-to-day contacts with people.

Such is actually not the case, however. In very firm language, we would like to serve notice that in the next six months public hearings in the city hall will be of vital importance to every Upland property owner and that outcome of those hearings will in a measure set the pattern for development north of Foothill boulevard.

At present an "interim" ordinance is proposed to regulate building in that area and the first public hearing on this measure will be held at the meeting of the city planning commission Sept. 25. This proposal will serve only until the city council adopts months hence a new ordinance regulating development in the citrus district.

Charles Eliot, the city's planning consultant, will submit to the planning commission Sept. 25 an analysis of the present land use throughout the city. This is the first of several of his reports that will be offered to the officials and to the public for a basis in finally deciding on the permanent city-wide planning program.

Later on Mr. Eliot will submit a proposed master plan and by Jan. 1 he is scheduled to file with the city proposed amendments to the zoning ordinance.

If this space were taken up with sensational news stories or with words castigating someone, readers, in general, would be more stirred and they would likely devour its contents more readily. The need for emphasizing the importance of what's ahead is far more appropriate and very necessary.

If the apathy of citizens could be overcome and keen interest were shown in these planning matters now, fewer mistakes would be made in preparing Upland for the future.

In any event, this is notice to all interested property owners that in the months ahead many basic laws will be made in the planning of Upland's future. Many public hearings will be held and an opportunity will be given people to learn of all details. And then zoning and other laws will be passed. Now is the time for all local people to really get interested in guiding the future growth and devolpment.

Community Chest Serves Those Who Need Assistance Most

The Community Chest is about ready to "invite" Uplanders to participate in the annual financial campaign.

What is the chest? It is the local organization that administers funds to character-building and local welfare agencies. It is the group that makes possible the right kind of leadership and the right kind of assistance to youths. In general only youths are served by the chest.

Boy Scouts, Girl Scouts, Mary Louis Griffith Heart clinic, the children's hospital in Los Angeles, the Sick Baby fund, the camper's committee (providing camp life for underprivileged) and the Junior Welfare league dental clinic will share in funds given by Uplanders.

"Overhead" expenses for maintaining the Scouts are provided by Chest funds. While many scores of individuals give their time in leadership of troops, many other administrative expenses must be paid.

If youths can be served and if babies can be saved—then it is up to the community chest to do it. Children from homes that are economically sub-standard are aided by chest funds.

This once-a-year "invitation" to share will be officially given this month and early in October. Voluntary contributions sent to Hazel Cassell at the city hall will be of great assistance.

Indications of a Solid Community . . .

There are many indications that Upland is a solid community:

Bank deposits of more than 12 million dollars.

A very adequate supply of domestic water; due partly to the new well just completed.

Many Upland high school graduates going to college.

TB X-Ray Unit Will Visit Upland Soon

Although no defiite date has been set, the TB X-ray unit will be in Upland in the near future, according to Miss Eunice Mitchell, executive secretary of the Upland Red Cross.

She has received numerous inquiries recently about the date of this year's visit, Miss Mitchell says. The unit has been in nearby communities this week.

After enjoying a week's visit with her sister-in-law, Mrs. Anna Brady, 124 West Arrow highway, Mrs. Albert Phillips of Lancaster, Wisconsin, is now visiting her son, Richard Phillips, and his family at their home in Long Beach. Later, she will be back to spend more time with Mrs. Brady.

Voters Flock To Registrars

Uplanders who waited till the last minute to register for the fall elections kept registrars busy as they turned out in full force to beat the deadline last Thursday.

Mrs. Lovon C. Phillips and Mrs. L. Cletus Gallagher, representatives of the Chaffey Community Republican Women's club, reported that they took down 200 new registrations between 6 and 9 p.m. at Upland police headquarters.

As Upland's busiest registrar, Mrs. Lillian Hilde at the chamber of commerce said she was so swamped with last-minute registrants that she "lost track of the number." Her records show that since September 1 she has registered 442 people.

Mrs. Harry Plum and Judge Fred Jacobs said that they too had a large turnout all day Thursday and into the evening.

School Condemned

Cucamongans In Double Sessions

Double sessions from kindergarten through third grade are necessary at the new Central school in Cucamonga this year as a result of the condemning of the old Cucamonga school at Archibald avenue and San Bernardino road recently.

The 90 sixth, seventh and eighth graders who attended the old school last year are now enrolled at Central school, Principal James Orsburn announced this week. An increased number of students over last year's enrollment of 270 are being handled in the seven classrooms by 11 teachers.

Condemnation of the old Cucamonga school came after several parents protested that it was unsafe after the earthquakes during the summer. While no serious quake damage was discovered, the county building inspector and the state division of architecture recommended that the building be abandoned. The small kitchen in back of the schoool is still usable.

Mr. Orsburn said he sees no let-up in the crowded conditions at Central school. He has letters from subdividers saying that at least 300 new homes will be built in the school district in the near future, and 133 of them are expected to go up within nine months.

A blacktop play area which will be fenced to serve as a parking lot for the school buses has been the only addition to Central school facilities during the summer.

Discussion Of Bible Study At Upland Church Of Christ

With the purpose of creating an interest in studying the Bible with intelligence and purpose, there will be a discussion on "Rightly Applying the Bible to Ourselves" at the 11 o'clock service Sunday morning at the Upland Church of Christ.

Says the minister, Glen W. Lundy, "Reading or studying the Bible without a due regard for its proper divisions will result in nothing but confusion. Much of the confusion in the religious world today is a result of a lack of study and concern by those who claim to be Christians."

Six From Here On Staff Of New Fontana High School

At least six former Uplanders and present Uplanders are on the staff of the new Fontana branch of Chaffey high school, which opened for the first time Monday.

Ernest Camfield is principal and at one time he was principal of the Upland junior high school. Lester Nagler is head football coach and a physical education instructor. Donald Eitelman, former head of the music department in the junior high school, has the same position at Fontana. Others from here on the staff are Robert Redfield, director of guidance; Lewis Moore, director of attendance and Judge King, wood shop, mechanical drawing, and electricity.

Commercial printing is available through The Upland News and The Herald Printing Co.

Skating Rink To Open Saturdays

Skating rink at the city park will be open every Saturday from 7 to 10 p.m. as the result of a request from the young patrons.

An informal vote was taken by the participants as to their wishes and more than 100 youths expressed a preference for skating Saturday nights. Harvey McMasters, who is in charge of the concession at the park, announced that the rink would be used as long as weather permits.

Attendance at the rink has been upwards of 100 youths and much interest is being shown in the activity.

Ray Davis Family Returns From Trip

Mr. and Mrs. Ray Davis and their three children returned last Friday to their home at 904 North Fourth avenue after a week's vacation trip which included a visit with Mr. Davis' brother in Sacramento.

The family spent several days at the home of Tech. Sgt. Homer Davis. He is a former resident of Upland, and is now stationed at an air force base in the capitol. He plans to leave soon for duty in Maine.

On their return trip, the Davises spent a day in the Lake Tahoe area where they saw a snowstorm. After stopping briefly in Reno, they traveled north again and Mr. Davis visited friends in Auburn. He was a patient in a hospital there some years ago.

FORD'S FIRST with the MOST!

FIRST in POWER! *Ford's 110-h.p. Strato-Star V-8* is the most powerful engine . . . the only V-8 offered in a low-priced car! *Ford's 101-h.p. Mileage Maker Six* is the industry's newest, most modern Six!

FIRST in RIDE! For the first time, in the low-price field, you can enjoy a truly fine-car ride! Ford's new Automatic Ride Control with its diagonally mounted rear shock absorbers and new spring suspension gives you a bump-leveling, highway-hugging ride.

• The '52 Ford brings you more power, more comfort, more "looks" and more "can do" than any other low-priced car! You can see it in Ford's new, longer, wider bodies of modern design. You can feel it in Ford's smoother, more level ride . . . in Ford's 25% easier steering. And, you can sense it in the more spirited response of the '52 Ford—whether it's the 101-h.p. Six or 110-h.p. V-8!

FIRST in STYLE! This longer, lower style leader has the newest, most advanced body in the industry! It's styled to stay beautiful for years, and it's quality-built to stay young.

FIRST in VISIBILITY! New Full-Circle Visibility gives you the only one-piece curved windshield, plus car-wide rear window, in Ford's field. New I-REST tinted glass . . . available on Custom and Crestline models . . . guards against glare and reduces heat.

FIRST in CHOICE! Ford offers the widest choice by far in the low-price field. 18 models . . . 11 body styles . . . 2 engines: V-8 or Six . . . 3 transmissions: Fordomatic, Overdrive or Conventional . . . and the most body, upholstery and color combinations.

FIRST with the NEWEST! You'll find Ford has made more advances for '52 than any other car in its price field. You get new features like Power-Pivot Clutch and Brake Pedals, suspended from above, to allow more foot room, eliminate dusty, drafty floor holes. You get Center-Fill Fueling for easier gas filling from either side. F.C.A.

"Test Drive" the '52 FORD

I-REST glass, two-tone colors illustrated, Fordomatic Drive, Overdrive, and white sidewall tires optional at extra cost. Equipment, accessories and trim subject to change without notice.

New C. of C. Head Appeals For Support of All Citizens

Four factors are highly important in making a city a good place to live, according to Charles Dunlap, newly elected president of the Upland chamber of commerce. These are schools, churches, city government—and the chamber of commerce.

"Upland has fine schools, many excellent churches, and good city government," he says, "and I'm going to do my best to make the chamber of commerce even better than it is."

Mr. Dunlap has been active and enthusiastic as an individual civic booster since coming to Upland five years ago, and he retains these qualities as head of the official booster group for the city. He is a jeweler and has a store at 220 North Second avenue.

"The old saying that you get out of something just as much as you put into it applies very well to a city," Mr. Dunlap says. "If a city is going to stand out it must have the support and the work of all its citizens."

Have Put In It

People who live in a town should belong to it and part of belonging is being a member of the chamber of commerce, Mr. Dunlap said.

"It seems to me just a proposition of fairness. If the merchants are doing their business in a city, I think it's only natural they should want to help the city as much as they can."

While the majority of members of the chamber of commerce are busininessmen, individual memberships are included, and Mr. Dunlap has expressed the hope that more individuals will join.

"Since Ontario has no chamber, we are acting for an entire area as well as just the city. We've got a lot to do, and our success will depend on the cooperation and help of the whole community," he added.

Newcomers Aided

In addition to work for the city such as beautification projects and holiday decorations, a large part of the chamber's work is in dealing with newcomers and travelers. The treatment they receive is a major factor in their impression of the city.

"I have talked to many newcomers lately and they have seemed delighted with the reception they got in Upland," Mr. Dunlap observes. He explains that individuals may help the city greatly by their favorable treatment of newcomers.

As to his stand on one specific case, Mr. Dunlap states:

"For my part, Upland is going to stay a city of no parking meters. I'll do everything I can to keep things the way they are in this respect. I think it's good business for the city."

Emphasizing his goal of increased membership and activity during the 1952-53 year, Mr. Dunlap is working to make the chamber a benefit to every individual as well as to the community in general.

Discussion meetings of the board of directors are held the first Wednesday of each month, and all citizens are invited to attend and take part, Mr. Dunlap points out.

Du Mar Beauty Studio Gets Wide Attention

High praise has come from Upland women for the furnishings, appointments and equipment in the Mary L. Du Mar beauty studio that has recently opened at 396 North Second avenue. Mrs. Du-Mar, an experienced hair stylist, has moved her beauty studio to Upland from Ontario and wide interest has been shown in the new local enterprize. Margaret Sargo has been employed as an operator.

The building has been renovated and attractive furnishings have been added.
